

Genesis 11

- 1) As described by this chapter, what ability did all people have in common? What did this enable them to do?
- 2) Where did the people settle? Why there?
- 3) What did they use for building material? What did this suggest about their determination?
- 4) Why did the people determine to build a city and a tower? (*hint: 2 reasons are stated; 1 or 2 others are implied*)
- 5) What concerned the Lord about the people's building of the tower?
- 6) What did the Lord do to disperse the people? How did the Lord's actions relate to the name of the city? What happened to the city?
- 7) Whose genealogy is traced in this chapter? Why?
- 8) What significant character is introduced at the end of this chapter?
- 9) What significant difference is there in the life spans of those described in this chapter as opposed to chapter 5?
- 10) What father outlived a son?
- 11) Who was Abram's wife? How were they related prior to marriage? How was this relationship later used in protection schemes?
- 12) Who was Nahor's wife? How were they related prior to marriage?
